1. Definitions

- **Demurrage:** a charge for a full container staying inside the terminal beyond its free time (import: after discharge; export: before loading).
- **Detention:** a charge for using OceanX equipment outside the terminal beyond its free time (import: from gate-out full to gate-in empty; export: from gate-out empty to gate-in full).
- **Combined (merged) free time:** where shown below, demurrage and detention free days are pooled into a single allowance.
- **Free time** starts at 00:01 on the day after discharge (import) or empty pick-up (export), and is counted in calendar days including weekends and public holidays, unless local regulations say otherwise.

2. Standard free time

Region	Import demurrage	Import detention	Export (combined)
USA (West Coast)	4 days	4 days	7 days
USA (East / Gulf Coast)	5 days	4 days	7 days
Northern Europe	5 days	5 days	7 days
Mediterranean	6 days	6 days	7 days
China	7 days (combined)	-	7 days
India	7 days (combined)	-	10 days

3. Daily rates after free time (per container, USD)

Period after free time	20' Dry	40' / 40'HC Dry	20' / 40' Reefer	Special equipment
Days 1 - 4	95	150	220	210
Days 5 - 10	160	260	360	340

Local currency equivalents apply in China (CNY), India (INR), the EU (EUR) and Singapore (SGD). They are calculated at the OceanX weekly exchange rate (OX-CUS-002).

4. Fair-charging principles

OceanX applies demurrage and detention to encourage prompt cargo pick-up and equipment return, not as a source of profit. We will **waive or suspend** charges in these cases:

- Terminal closure, strike, or a port authority embargo that prevents pick-up or return
- Delays caused by OceanX or our contracted terminal or haulier (e.g. equipment not available, vessel bunching)
- No appointment slots available at the terminal for return, if documented with a screenshot or terminal record
- Government holds where the customs exam finds no discrepancy (USA, under 46 CFR 545.5 guidance)

Waivers are requested through OX Navigator > Billing > Dispute (OX-CUS-003).
