CUSTOMER POLICY / SAFETY · OX-CUS-006

Dangerous Goods & Prohibited Items Policy

Acceptance of IMDG cargo, restricted commodities and goods OceanX will not carry

Document ID	OX-CUS-006	**Version**	6.1
Effective date	2026-01-15	**Next review**	2027-01-15
Policy owner	Capt. Rafael Duarte, Director, Fleet & Marine Safety	**Approved by**	Capt. Henrik Vestergaard, Chief Operating Officer
Applies to	All bookings on OceanX-operated and slot-chartered vessels	**Classification**	Public

1. Why this matters

Undeclared or misdeclared dangerous goods are a leading cause of container-ship fires. One misdeclared container can endanger the crew, the vessel and thousands of other customers' cargo. OceanX applies a **zero-tolerance** approach to misdeclaration.

2. Legal framework

- International Maritime Dangerous Goods (IMDG) Code, Amendment 42-24 (mandatory from 1 January 2026)
- SOLAS Chapter VII; MARPOL Annex III
- US 49 CFR Parts 171-180 (Hazardous Materials Regulations) for US inland legs
- ADR/RID for European inland legs
- National port regulations (e.g. MPA Singapore Port Regulations, China MSA rules, Indian DG Shipping circulars)

3. Booking dangerous goods

1. Request DG approval in **OX Navigator > Bookings > Hazardous** at least **7 days** before vessel cut-off (**14 days** for Class 1 and Class 7).
2. Provide the UN number, proper shipping name, class, packing group, flash point, net and gross quantity, packaging type, marine pollutant status, and emergency contact (24/7).
3. Upload the Safety Data Sheet (SDS, issued within 5 years) and a multimodal Dangerous Goods Declaration (DGD).
4. Following OceanX DG Desk approval, upload the Container Packing Certificate signed by a trained packer.

5. Approval is valid only for the specific booking and vessel. Rolled bookings need re-approval.

4. Acceptance by class

IMDG Class	Description	OceanX acceptance
1	Explosives	Division 1.4S only; others **not accepted**
2.1	Flammable gases	Accepted, with restrictions on certain trades
2.2 / 2.3	Non-flammable / toxic gases	2.2 accepted; 2.3 case by case
3	Flammable liquids	Accepted
4.1 / 4.2 / 4.3	Flammable solids; spontaneously combustible; dangerous when wet	Accepted with restrictions; **calcium hypochlorite (UN 1748, 2208, 2880) needs special approval**
5.1 / 5.2	Oxidisers; organic peroxides	5.1 accepted; 5.2 temperature-controlled only, case by case
6.1 / 6.2	Toxic; infectious substances	6.1 accepted; 6.2 **not accepted** (except UN 3373 Category B)
7	Radioactive	**Not accepted**
8	Corrosives	Accepted
9	Miscellaneous (incl. lithium batteries UN 3480/3481/3090/3091, vehicles UN 3171)	Accepted with lithium battery declaration

5. Lithium batteries and electric vehicles

- State of charge must not exceed **30%** for UN 3480 batteries shipped on their own, and **50%** for battery-electric vehicles.
- Damaged, defective or recalled batteries are **not accepted**.
- Electric vehicles must be declared as UN 3171. Used EVs need a battery inspection certificate issued no more than 90 days before shipment.

6. Prohibited items (never accepted)

- Weapons, ammunition and military goods (except Class 1.4S sporting cartridges with permits)
- Radioactive material (Class 7)
- Narcotics, illegal drugs and psychotropic substances
- Counterfeit goods and goods that infringe intellectual property
- Hazardous waste under the Basel Convention without written consent
- Ivory, rhino horn and CITES Appendix I species
- Human remains (other than cremated remains with permits)
- Any goods destined for a sanctioned party, or prohibited under applicable sanctions

- Charcoal and seed cake that are not certified to IMDG Special Provision 925/955 rules

7. Restricted items (prior approval required)

- Scrap metal and used tyres (risk of hidden waste and contaminants)
- Used vehicles and machinery (must be drained, with batteries disconnected)
- Personal effects and household goods (no DG allowed inside)
- Pharmaceuticals and high-value electronics (security seal and GPS tracker recommended)
- Live animals, plants and soil (need phytosanitary and veterinary certificates)

8. Misdeclaration penalties

Situation	Penalty (per container)
Undeclared or misdeclared dangerous goods	**USD 35,000**, plus all costs, fines and claims
Undeclared lithium batteries	USD 15,000, plus costs
Incorrect weight (VGM varies by more than 5%)	USD 1,500
Missing or invalid DG documents at gate-in	Container refused; USD 500 re-handling fee

OceanX may inspect containers at any time without notice to verify declarations. Repeat offenders' accounts are terminated and reported to the relevant authorities.

9. Emergency response

OceanX Global Operations Centre (24/7): **+65 6555 0911** | dg.emergency@oceanxlogistics.example. Shippers must give a 24-hour emergency contact who can provide technical advice on the product.

OceanX Logistics is a fictional company created for AI training and demonstration. All names, addresses, vessels, registration numbers and figures are invented.
