Employee Handbook & Code of Conduct

How we work, behave and look after each other - shore-based staff worldwide

Document ID	OX-HR-001	**Version**	4.2
Effective date	2026-01-01	**Next review**	2027-01-01
Policy owner	Zhou Lina, Chief People Officer	**Approved by**	Adrian Koh Wei Ming, Group CEO
Applies to	All shore-based employees, contractors and interns of the OceanX Logistics Group	**Classification**	Internal

1. Welcome and purpose

Welcome to OceanX Logistics. Since 1998 we have grown from a two-vessel feeder operator in Singapore into a global carrier serving 214 ports from 46 countries. This handbook explains what you can expect from OceanX and what OceanX expects from you. Country supplements (Annex A) apply where local law gives employees greater rights. If the two conflict, the more favourable provision applies.

2. Our values - "SAIL"

Value	What it means in practice
Safety first	No shipment, deadline or cost saving justifies an unsafe act. Anyone may stop work they believe is unsafe.
Accountability	We own our commitments to customers, colleagues and the communities around our ports.
Integrity	We are honest in our records, fair in our dealings and transparent with regulators.
Long-term thinking	We invest in cleaner ships, our people's careers and lasting customer relationships.

3. Employment basics

3.1 Recruitment and onboarding

- All vacancies are advertised internally for at least five working days before external release, except for confidential senior roles.

- Offers are conditional on reference checks, right-to-work verification and, for finance, compliance and IT roles, a background screening by our vendor ClearPath Screening (fictional).
- New joiners complete the 30-day "First Voyage" onboarding programme: mandatory e-learning (Code of Conduct, Anti-Bribery, Sanctions, Data Privacy, Information Security), a buddy assignment, and a port or vessel visit within the first 90 days.

3.2 Probation

Probation is three months (six months for managerial grades M3 and above). Managers must hold a documented review at the mid-point and at the end of probation.

3.3 Offboarding

Leavers return all equipment, ID badges and physical documents on the last working day. IT access is revoked by 23:59 local time on the last day. An exit interview is offered to every leaver.

4. Working hours, leave and holidays

Office	Standard week	Annual leave (min.)	Public holidays
Singapore (HQ)	42 hrs, Mon-Fri	18 days	11 gazetted holidays
Shanghai	40 hrs, Mon-Fri	15 days + statutory	PRC statutory holidays
Long Beach, USA	40 hrs, Mon-Fri	15 days PTO + 5 sick days	10 company holidays
Rotterdam	38 hrs, Mon-Fri	25 days	Dutch national holidays
Navi Mumbai	45 hrs, Mon-Fri + alt. Sat	21 days earned leave	12 declared holidays

Other leave types are: - sick leave - parental leave (group-wide minimum of 16 weeks for the primary carer and 4 weeks for the secondary carer) - compassionate leave (5 days) - marriage leave (3 days) - volunteering leave (2 days per year) - study leave for approved maritime and logistics qualifications

Operations, customer service and vessel-planning teams work rostered shifts to cover 24/7 operations. Shift allowances follow the local salary policy.

5. Hybrid working

Eligible roles may work remotely up to two days per week with manager approval. Working remotely from a country other than your country of employment needs prior written approval from HR and Tax, because it can create tax ("permanent establishment") and immigration risks. Customer-facing operations desks and the Global Operations Centre are excluded from hybrid working.

6. Pay, benefits and expenses

- Salaries are reviewed annually in March. The variable bonus plan is linked 60% to company results and 40% to individual objectives.

- Group benefits include medical insurance, life and disability cover, an employee assistance programme (24/7 counselling) and a retirement plan matched to local practice.
- Business travel must be booked through the corporate travel tool. Economy class applies to flights under 6 hours and premium economy to longer flights. Business class is allowed only for flights over 9 hours, with EVP approval.
- Expense claims must be submitted within 30 days with itemised receipts.

7. Code of conduct

7.1 Respect and equal opportunity

OceanX does not tolerate discrimination, harassment or bullying on the basis of race, colour, religion, sex, gender identity, sexual orientation, age, disability, nationality, marital status or any other protected characteristic. This applies at the office, in ports, on vessels, at company events and online.

7.2 Conflicts of interest

Declare any relationship with a customer, supplier, agent or competitor that could influence, or appear to influence, your decisions. Declarations are made in the Compliance Portal within 14 days.

7.3 Gifts and hospitality

Item	Threshold (USD equivalent)	Action
Gifts given or received	up to 100	Allowed; record in the register
Gifts given or received	100 - 300	Line manager approval before acceptance
Gifts given or received	over 300	Compliance approval; usually declined
Any gift to a public official (customs, port authority, coast guard)	any value	Prohibited without Compliance pre-approval
Cash or cash equivalents	any value	Always prohibited

Facilitation payments ("speed money") to customs or port officials are prohibited in all countries, even where local practice tolerates them. See the Group Anti-Bribery & Sanctions Policy.

7.4 Confidentiality and data

Customer shipment data, freight rates and contract terms are confidential. Personal data is processed only in line with the Group Data Privacy Policy, which covers GDPR, PDPA Singapore, PIPL China, DPDP India and US state laws.

7.5 Competition law

Never discuss prices, surcharges, capacity plans or customers with competitors outside an approved consortium or alliance meeting attended by a lawyer.

8. Performance and development

Annual objectives are set in January, checked in July and reviewed at year end in December. Ratings use a five-point scale and are calibrated across teams. Every employee has access to the OceanX Academy, which offers 40+ courses in shipping operations, customs, finance and leadership.

9. Disciplinary and grievance procedure

1. **Informal resolution:** most issues should first be raised with the line manager.
2. **Formal grievance:** submitted in writing to HR. HR acknowledges it within 3 working days and investigates within 20 working days.
3. **Disciplinary stages:** verbal warning, written warning, final written warning and dismissal. Gross misconduct may lead to immediate dismissal. Examples are theft, fraud, violence, bribery, serious safety breaches and working under the influence.
4. **Appeal:** within 10 working days, to a manager not previously involved.

10. Speaking up

Concerns can be raised confidentially or anonymously through the **OceanX SpeakUp line** (web or phone, available in 14 languages, run by an independent provider). Retaliating against anyone who raises a concern in good faith is itself a disciplinary offence.

- Web: speakup.oceanxlogistics.example
- Singapore: +65 6555 0199 | USA: +1 800 555 0177 | Netherlands: +31 800 555 0123 | India: 000 800 555 0144 | China: 400 555 0166

11. Acknowledgement

All employees must confirm each year that they have read this handbook and will follow it. Completion is tracked in the HR system and reported to the Audit & Risk Committee.

Annex A - Country supplements (summary)

- **USA:** at-will employment (California); FMLA and CFRA leave; California meal and rest breaks.
- **Netherlands:** collective labour agreement provisions for port staff; 8% holiday allowance.
- **China:** social insurance and housing fund contributions; labour contract renewals.
- **India:** Provident Fund, gratuity, and an Internal Committee under the Prevention of Sexual Harassment (POSH) Act.
- **Singapore:** Employment Act coverage for eligible staff; CPF contributions.

OceanX Logistics is a fictional company created for AI training and demonstration. All names, addresses, vessels, registration numbers and figures are invented.
